With the help of Lindsey and Bobby, Jimmy defends his personal friend, dentist Henry Olson, when he is on trial for the murder of a woman who was found dead in his. He is accused of assaulting her in , and he is defended by a lawyer, - a very strong guy. He is not afraid of any evidence and, unlike a lawyer, does not try to soften the court's decision, but, on the contrary, seeks the most severe punishment. In my opinion, this is a very powerful film that will make the viewer think about what he is doing with his life, for what, for what purposes, why and what pushes him on one path or another, what methods he uses and what it is for.
